

CONSENT FOR POLYGRAPH EXAMINATION

(Applicant or Staff-Like Access)

I, _____, consent to polygraph testing administered by examiners of the Central Intelligence Agency. I am under consideration for employment with the CIA or for staff-like access to Agency information or facilities. I understand that polygraph testing and periodic retesting is required as a precondition for such employment or staff-like access.

The procedures that are to be followed during the examination have been explained to me, and I am aware that the procedures will include the use of sensors to record my physiological responses to questions. I understand that the questions to be asked during the examination will be limited to those necessary to resolve security issues, as approved by the Director of Central Intelligence, such as loyalty, compromise of classified information and counterintelligence, falsification of personal history documents and vulnerability to blackmail, and that the questions will be reviewed with me, at least in general, prior to the examination.

I am aware that information obtained in the course of the polygraph examination will be strictly controlled within the Central Intelligence Agency and may not be released outside of the Central Intelligence Agency except when necessary in the interest of national security as determined by the Director or Deputy Director of Central Intelligence, or as provided below.

I have been further advised that any information relating to violations of law will be reported to the Attorney General as required by Section 535 of Title 28 of the United States Code and Executive Order 12036 or its successors, and also may be reported to appropriate law enforcement or other government agencies for administrative, investigative or legal action. I have also been advised of my rights against self-incrimination under the Fifth Amendment to the Constitution of the United States. I also understand that the session with the polygraph examiner may be monitored and recorded for the purpose of clarity and accuracy.

I have read the foregoing and understand its import fully.
